

We want always to *learn* from the experiences of **unpaid Carers'** in Aberdeen City...

**It is only by listening to the views, insights, and knowledge of unpaid Carers' - the experts by experience - we can make meaningful changes and improvements to our existing services and supports.**

...to achieve this, we aim to *create* and *support* a **Carers' Reference Group**

**please get in touch with us** to express your interest. You can contact us by any of the ways overleaf.

**We want unpaid Carers to have the opportunity to be part of a group, which will have influence upon:**

- The design and range of services that support unpaid Carers', and those they care for.
- The review and creation of policies and strategies that are relevant to unpaid Carers', and those they care for.

The Carers' Reference Group will also act as a forum for unpaid Carers' to share and receive relevant information.
