**STATUTORY CONSULTATION:  
Proposal to alter the school catchment area boundaries for Greenbrae  
School and Glashieburn School**

Dear Parent/Carer

I am writing with details of the Council's proposal to make changes to the school catchment areas for Greenbrae School and Glashieburn School.

The proposed changes affect an area of land to the west of Dubford Road, and an area of land which includes Lochside Road and Lochside Drive. These areas currently fall within the catchment area for Greenbrae School, and it is proposed that these should instead be included within the Glashieburn School catchment area, due to a forecast lack of capacity at Greenbrae School.

When creating or amending catchment areas (also known as 'zones'), we are required to carry out a consultation process, and parents of children attending the affected schools, and parents who may be considering enrolling their children at an affected school within the next two years, are automatically included as consultees, and invited to comment on the proposals.

The consultation process, which has started today, Monday 7 November 2022, will therefore focus on the proposal set out below, and your comments on this are most welcome.

Proposal:

**To alter the school catchment area boundaries for Greenbrae School and Glashieburn School, so that an area of land to the west of Dubford Road, and an area of land which includes Lochside Road and Lochside Drive, are moved from the Greenbrae School catchment area to the Glashieburn School catchment area, with effect from 1 August 2023.**

The period of statutory consultation for this proposal will conclude on Thursday 22 December 2022.
