

WELCOME TO REPLACEMENT RIVERBANK SCHOOL INFORMATION EVENT

The replacement Riverbank School will be a three-stream school and provide:

- Capacity for up to 651 pupils
- Early Learning & Childcare (ELC) provision for 100 pupils
- 3G 7 a-side-pitch
- South facing external outdoor play and learning
- The new school will be designed to ensure connections with the newly constructed Tillydrone Community Campus and its operation will allow access by the community out with school core times
- The new school offers an opportunity within Aberdeen City to create a state of the art, future proofed school that provides a comprehensive and “whole community” approach to learning, which is underpinned in the Tillydrone Locality Plan
- The vision is to create a replacement building for Riverbank School that lies at the heart of Tillydrone, which meets the community’s expectations and overall needs for the future.
